Leave at Home

Camping is a way of life. Camp Latgawa requires that you leave home those things that would detract from your camp experience such as: **CELL PHONES**, radios, MP3 players (I-Pods) or handheld games. **I-Pods and cell phones may NOT be used as a camper's camera or watch.** If you bring these items they will be held by the camp's directors until the end of camp.

Campers should not bring food to camp as it may attract unwanted critters.

About Mail

LETTERS to campers should be sent in the mail at least one week in advance; letters may also be left with the directors when dropping off your camper.

PACKAGES for campers are welcome if dropped off at the beginning of camp. Packages should contain NO food items. **Please do not mail packages to your camper.** Because of our rural location, the post office does not have a secure place to leave packages at the Latgawa mailbox.

Email Camp Latgawa at latgawa@gocamping.org or call 541-826-9699 if you have any questions.
